A FOREWORD

Come see the smuttier side of— er nevermind—

COMMENT

At first I wanted to put the caption "Come see the smuttier side of Eden" but then I thought better of it when I realized that I might be haunted by visions of Sears for as long as this scanslation exists. Anyway, if you enjoyed this one shot by Yuzuki Jun, you may want to look into "Virgins Saiko-no Shotaiken," the title of the volume version that this belongs in, along with works by Chihara Akemi, Nanba Atsuko, Hirose Emu, Mizushima Yuki, and Watanabe Aya [last name, first name format].
